Parents and Teachers association at Haria Global School

Haria Global School accords prime priority for parent's involvement in the school affairs as we believe in the strength and role of family bonding in the development of a child. Here a theme is in vogue; ie, **Parents as Partners**.

In most of the activities we ensure the parents participation. Some of the areas where parents' active participation is ensured are;

1. Parents - Teachers Meet
2. Different Parental Feedbacks
3. Sporting Events for Parents
4. Parents as SMC members
5. Fitness sessions with students
6. Home Visits
7. Academic Workshops
8. Orientation sessions with parents
9. Parenting workshops
10. Different competitions along with parents
11. Making Learning Visible etc...

These are some of the means that the school follows to reach out to parents and ensure their wholehearted participation and support in the school activities as well as in the development of every child.
